A Levels

Why choose A Levels?

Choosing your A Levels -
what you need to consider

After A Levels - what next?

A Level students thinking
about apprenticeships

Why choose A-Levels

Level 2

- ▶ GCSE
- ▶ BTEC - Coursework Based

Level 3

- ▶ AS/A2
- ▶ BTEC - Coursework based (less recognised)

What you need to consider

Three Core subjects

- ▶ Two main interests/requirements
 - ▶ Biology, Chemistry, Physics, Computing, English, Business, Maths
- ▶ Subject which is less time consuming (Coursework)
 - ▶ Economics, Geography

Options

- ▶ Anything else you are interested in
 - ▶ Should be a subject you can drop if necessary

What's next?

University

▶ UCAS points

A*	140
A	120
B	100
C	80
D	60
E	40

D*	140
D	120
M	80
P	40

T-Levels: What are they?

- ▶ T Levels are new courses which follow GCSEs and are equivalent to 3 A levels. These 2-year courses, which launched September 2020, have been developed in collaboration with employers and businesses so that the content meets the needs of industry and prepares students for work, further training or study.
- ▶ T Levels offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement of at least 315 hours (approximately 45 days).

Thinking about apprenticeships

- ▶ Apprenticeships are structured programmes that teach you the skills you need to perform well in your job. They allow you to learn practical skills in your workplace, build up valuable knowledge and skills, gain qualifications and earn money at the same time.
- ▶ As an employee, you will be based in a workplace the majority of the time, as most of the training takes place on the job. You will usually attend off-the-job training once a week and you could be working towards a qualification, such as National Vocational Qualification (NVQ), other nationally recognised qualifications or a certificate of achievement.

Thinking about apprenticeships

Apprenticeship

- ▶ Job availabilities will be displayed on college sites before the year ends.
- ▶ Job search websites will also have positions open
- ▶ E.g. Barclays bank run an apprenticeship program

For further information on apprenticeships download our apprenticeships guide

Finance

4. How to claim

Apply to your school, college or training provider. Ask student services or your tutor to explain what you need to do.

When to apply

Apply once you know where you'll study or train, so you'll get your bursary as soon as possible.

You might need to reapply for a bursary for each year of your course. Check with your provider.

- Link above will provide information on all 6th forms in Tower Hamlets
- Includes past results and progress scores

How do I make a decision?

EXPLORE: You are encouraged to explore all the several different options available before deciding which you would like to apply to.

APPLY: You can apply to different colleges at the same time, and you are also encouraged to do so as this gives you more choice to make a final decision on results day. You can also apply for the college/sixth form route and at the same time explore the apprenticeship route. When you receive your GCSE results, you can make your final decision and confirm the place you would like to take while withdrawing from the others.

All students will be making applications between October and January. All students must have made at least 3 applications by January 2022.
